Summer Illinois Math Camp
August 3-7, 2015
Department of Mathematics
University of Illinois at Urbana-Champaign

Summer Illinois Math (SIM) Camp is a free, week-long math camp for high school students that will introduce students to proofs and applications of math in areas of active research such as algebraic topology and number theory. Students will compete in daily math challenges for prizes. Students will also visit the Department of Chemistry to learn how math relates to chemistry.

Apply today!
• Applications are due June 1. There is no registration fee.
• SIM Camp is open to students who will be entering grades 9-12 in the fall of 2015, are between the ages of 14 and 18, and have completed at least one high school algebra class.
• Lunch will be provided each day.
• Reimbursement for some travel costs may be available.
• Acceptance decisions will be made as soon as possible after June 1. Late applications may be considered.

Visit the SIM Camp website www.math.illinois.edu/SIM/ for more information and to access the application form.
