

To: Math Graduate Students
From: Math Main Office (273 Altgeld Hall)
Subject: Private Tutor List
Date: Spring 2021

The Department of Mathematics offers a private tutor list for students who desire one-on-one tutoring. If you want to have your name put on our private tutor list, please fill in the blank spaces below and **return this form to the Math Main Office by Thursday, February 4.** We are in the process of creating a new list for **Spring 2021.**

All tutors whose names are on the tutoring list **will be expected to respond to every tutoring request promptly** (with either a positive or negative response). One working day is a good guideline. Tutors should not tutor privately in courses for which they are a current TA or grader, due to the conflict of interest which this would create.

NOTE: All international math graduate students who are currently employed 20 hours a week or 50% time are not eligible to sign up for the private tutor list.

Name: _____

E-mail: _____

Please list the course numbers of courses that you would be willing to tutor and **state if you will tutor online, in person, or both:**

Please return this completed form to the Math Main Office, 273 Altgeld Hall or send to Paula Luesse at pmluesse@illinois.edu.
