

The U of I Chapter of the Association for Women in Mathematics presents...

# GEMS SPRING 2020

## Getting Engaged in Math and Science: Math and Magic

GEMS is a female-focused pair of free workshops for participants in 5th through 8th grade. Our goals are to present interesting math in a fun, hands-on way and to encourage students from traditionally underrepresented genders to pursue mathematics.

**February 22, 2020:**

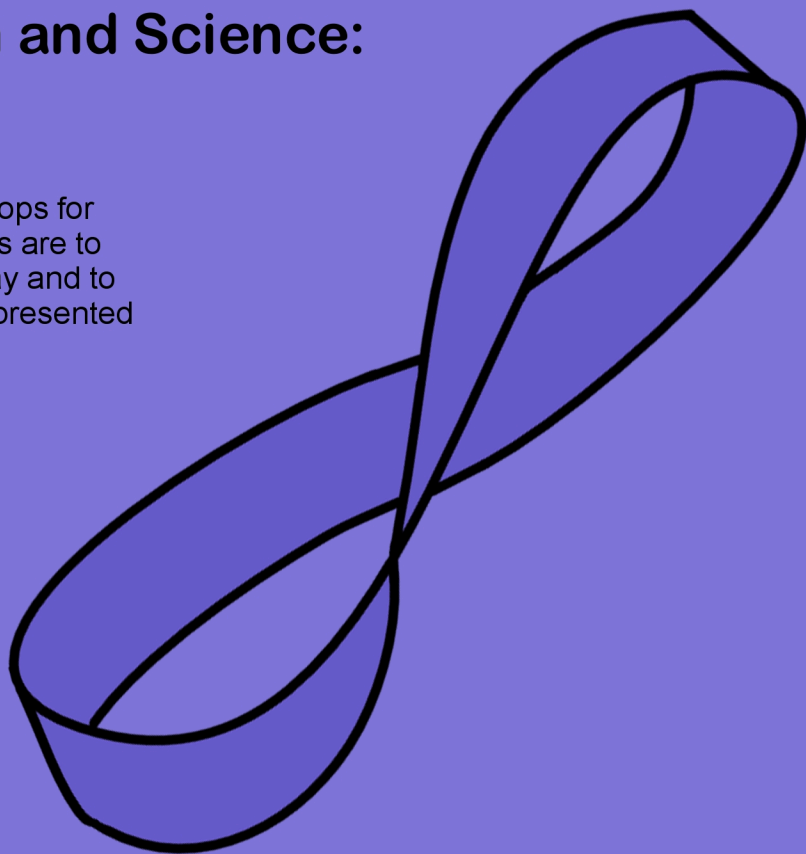

**Topology Tricks**

**1-3pm in Altgeld Hall**

**February 29, 2020:**

**Flexagons and Paper Puzzles**

**1-3pm in Altgeld Hall**

**Register by February 17, 2020 at [math.illinois.edu/gems](https://math.illinois.edu/gems)**

*Register by February 1 to guarantee a t-shirt!*

These events are sponsored by the National Science Foundation and the Department of Mathematics and the Illinois Geometry Geometry Lab at the University of Illinois at Urbana-Champaign, and is organized by the U of I graduate student chapter of the Association for Women in Mathematics.
