

To: Math Graduate Students
From: Math Main Office (273 Altgeld Hall)
Subject: Private Tutor List
Date: Fall 2020

The Department of Mathematics offers a private tutor list for students who desire one-on-one tutoring. If you want to have your name put on our private tutor list, please fill in the blank spaces below and return this form Paula Luesse at pmluesse@illinois.edu by **Thursday, September 3**. We are in the process of creating a new list for **Fall 2020**.

All tutors whose names are on the tutoring list **will be expected to respond to every tutoring request promptly** (with either a positive or negative response). One working day is a good guideline. Tutors should not tutor privately in courses for which they are a current TA or grader, due to the conflict of interest this would create. **Please state if you will tutor online, in person, or both.**

PLEASE NOTE: *While COVID-19 restrictions on building usage are in place, campus buildings should not be used for private tutoring.*

NOTE: All international math graduate students who are currently employed 20 hours a week or 50% time are not eligible to sign up for the private tutor list.

Name:

E-mail:

Please list the course numbers or courses that you would be willing to tutor and state if you will tutor online, in person, or both:

Please return this completed form to Paula Luesse at pmluesse@illinois.edu.
