Instructor/Lecturer in Actuarial Science  
Department of Mathematics  
College of Liberal Arts and Sciences  
University of Illinois at Urbana-Champaign

The Department of Mathematics in the College of Liberal Arts and Sciences at the University of Illinois at Urbana-Champaign seeks applicants to fill a position of Instructor or Lecturer, specifically for the Actuarial Science program. The position involves teaching a range of courses in the department.

The University of Illinois is an Equal Opportunity, Affirmative Action employer that recruits and hires qualified candidates without regard to race, color, religion, sex, sexual orientation, gender identity, age, national origin, disability or veteran status. For more information, visit http://go.illinois.edu/EEO.

Duties & Responsibilities:

- Teach actuarial science and risk management courses. These may include large service courses and small discussion sections.
- Supervise TAs and graders for these courses.
- Develop and maintain curriculum and stewardship material for these courses.

Minimum Required Qualifications:

- Master’s degree in Actuarial Science or related areas such as Mathematics, Statistics, Risk Management and Insurance, Finance, or another subject appropriate for Actuarial Science.
- Ph.D. in Actuarial Science or related areas for Lecturer.
- Evidence of quality teaching or professional training.

Preferred Qualifications:

- 3+ years of college teaching or similar corporate training experience.
- Experiences with actuarial professional exams.
- Professional credentials such as the Associate or the Fellow of the Society of Actuaries, etc.
- Candidates with aspirations for administrative leadership are particularly encouraged to apply.

The Actuarial Science Program at the University of Illinois is recognized by the Society of Actuaries as a Center of Actuarial Excellence. The program has won multiple Casualty Actuarial Society’s University Awards. It offers a full range of degree programs including Bachelor in Actuarial Science, Master in Actuarial Science, Master in Predictive Analytics and Risk Management, PhD in Actuarial Science and Risk Analytics. It is one of the best known actuarial and advanced analytics programs in the United States with graduates highly sought after by the Financial and Insurance industry.

The Instructor/Lecturer position is full-time, benefits-eligible, non-tenure track position appointed on a 9-month service basis. The position is a one-year appointment; renewal of the position is possible and contingent on availability of funding, strong enrollments, and strong performance reviews.

For details on health benefits, please reference https://humanresources.illinois.edu/employees/new-hires/benefits.html.
The expected start date is August 16, 2022. Applicants may be interviewed before the closing date; however, no hiring decision will be made until after that date. Salary is commensurate with experience and qualifications.

To apply for this position, please create your candidate profile at http://jobs.illinois.edu and upload your cover letter, resume, and names/contact information for three professional references by March 21, 2022. Full consideration will be given to complete applications received by the closing date. For further information regarding application procedures, contact Caitie Bruning, cbreeze@illinois.edu.

University of Illinois faculty, staff and students are required to be fully vaccinated against COVID-19. If you are not able to receive the vaccine for medical or religious reasons, you may seek approval for an exemption in accordance with applicable University processes.

The University of Illinois conducts criminal background checks on all job candidates upon acceptance of a contingent offer. Convictions are not a bar to employment. The University of Illinois must also comply with applicable federal export control laws and regulations and, as such, reserves the right to employ restricted party screening procedures for applicants. As a qualifying federal contractor, the University of Illinois System uses E-Verify to verify employment eligibility. The University of Illinois System requires candidates selected for hire to disclose any documented finding of sexual misconduct or sexual harassment and to authorize inquiries to current and former employers regarding findings of sexual misconduct or sexual harassment. For more information, visit Policy on Consideration of Sexual Misconduct in Prior Employment.
