Math 490 Approval Required

Faculty wishing to offer a section of Math 490, Topics in Mathematics, must obtain the approval of the Undergraduate Affairs Committee. A proposal should be submitted to the committee that includes:

- a syllabus (as detailed as possible, including choice of text, if appropriate).
- number of credit hours (1 to 4 hours).
- projected audience.
- justification for graduate students receiving graduate credit for the course, if desired.

Approved by the Department of Mathematics Undergraduate Affairs Committee, May 2005 (See May 3, 2005 UAC minutes)
